Important Safety Instructions

Warnings and Precautions

To prevent any injuries, the following safety precautions should be observed in the installation, use, servicing and maintenance of this equipment.

Before operating this equipment, please read this manual completely, and keep it nearby for future reference.

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Clean only with a dry cloth.
- 7) Do not block any of the ventilation openings. Install in accordance with the manufacturer's instructions.
- 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized or grounding type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. When the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11) Only use the attachments/accessories specified by the manufacturer.
- 12) Use only with a cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

combination to avoid injury from tip-over.

Use and Maintenance

Warnings

- Disconnect the power cord from the wall outlet during an electrical storm.
- Not doing so may result in fire or electric shock.
- Do not insert any metal objects, such as a screwdriver, paper clip, or bent wire into the ventilation openings or AV terminals.
- Doing so poses a serious risk of fire or electric shock.
- Do not allow children to climb or hang on the unit.
- The unit could topple over onto a child and result in serious injury.
- Never disassemble or modify the unit in any way. Do not attempt to service the unit yourself.
- Doing so may result in fire or electric shock. If the unit requires repair, contact the service center.

Cautions

- When not using the unit for long periods of time, disconnect the power cord from the wall outlet.
- Use caution around trees on the unit and ensure it is protected from lightning or other electrical storms.
- When moving the unit, be sure to turn off the unit and unplug the power cord from the wall outlet.
- Moving the unit with the power cord connected to the cord, resulting in fire or electric shock.
- If you notice any unusual odors or smoke around the unit, immediately disconnect the unit from the outlet and contact the service center.
- Failure to do so may result in fire or electric shock.
- When removing the batteries from the remote control, make sure children do not swallow them. Keep the batteries out of the reach of infants and children.
- If a child has swallowed a battery, seek medical attention immediately.

- Always use two or more people to lift or move the unit.
- Wipe off any moisture, dirt, or dust on the power plug pins with a clean dry cloth.
- Failure to do so may result in fire or electric shock.
- It is advisable to clean the interior of the unit at least once a year. Contact the store of purchase or service center for information.
- Continuing to use the unit without cleaning will cause buildup, which may result in fire or electric shock.
- Always turn off the unit and unplug the power cord when cleaning the unit. Use a soft cloth to clean the unit.
- Never clean with industrial strength polish, wax, perfume, paint thinner, air freshener, liquid detergent, or other such chemicals. Also, do not clean with a damp cloth.

DVD Operation

Disc Menu

If a language listed below is recorded on the disc, you can set the Menu to be displayed in such language. If not, the language recorded will be used.

Installation

Warnings

Do not place containers with liquids such as flower vases, soft drink cans, or medicine bottles or small metallic objects on top of the unit.

If liquid enters the unit or any metal object falls into the unit, it may result in short-circuit, fire, or electric shock.

Do not place the unit where it is exposed to rain, excessive moisture or grease.

Doing so may result in fire, electric shock, malfunction, or deformation.

Do not use or store flammable or combustible materials near the unit.

Doing so may result in fire or explosion.

Do not place the unit on an unstable surface, such as a wobbly stand or support table, or on a surface that is smaller than the bottom area of the unit.

If a child climbs on the unit, it could topple and fall onto the child, resulting in serious injury to the child. Do not allow children to climb the unit or on the table or chairs.

Do not place a burning candle, burning anti-mosquito incense, or lighted cigarettes on top of the unit. Do not place the unit near any heat source such as a fireplace or space heater.

Doing so poses a serious risk of fire.

Do not place the unit in a poorly ventilated enclosure, such as a cabinet.

Doing so poses a serious risk of fire.

Do not run power cords near heat-producing appliances such as radiators, stoves, or irons.

The excessive heat could melt the insulation and expose live wires, resulting in fire or electric shock.

Install the antenna away from high-voltage power lines and communication cables and make sure it is installed securely.

If the antenna touches a power line, contact with the antenna could result in fire, electric shock, serious injury, or death.

Cautions

Install the unit at an adequate distance from the wall to ensure sufficient ventilation.

If the temperature inside the unit rises, it may result in fire.

Do not cover the unit with a tablecloth, curtain, or other material.

If the temperature inside the unit rises, it may result in fire.

Be sure to place the unit on a level surface.

Warnings

Form a dip loop where the coaxial antenna cable enters your building to prevent rainwater from traveling along the cable and coming in contact with the antenna input terminal.

If rainwater finds its way inside the unit, it may result in fire or electric shock.

The following precautions are divided into "Warnings" and "Cautions".

Warning : Ignoring this precaution may result in death or serious injury.

Caution : Ignoring this precaution may result in injury or property damage.

Power Supply

Warnings

Do not touch the power plug with wet hands.

- Doing so may result in electric shock.

Do not use a damaged power cord or plug or a loose outlet.

- Doing so may result in fire or electric shock.

Do not plug several devices into the same outlet.

- Doing so may cause the outlet to overheat and start a fire.

Insert the power plug fully into the outlet.

- A loose or improperly inserted power plug may result in fire.

Do not bend the power cord excessively or place heavy objects on it.

- Doing so may result in fire or electric shock.

Be sure to ground the unit.

- Failing to do so may lead to electric shock when a short circuit or overload occurs. If necessary, install a ground fault circuit breaker. Never ground to a telephone line, lightning rod, or metal gas pipe. (Doing so may result in fire, electric shock, or other hazards.)

Cautions

When disconnecting the power cord from an AC outlet, always grasp it by the plug.

- Pulling on the cord can damage the internal wire and may result in fire.

Always unplug the unit before cleaning.

- Not doing so may result in fire or electric shock.

The purpose of these precautions is to ensure user safety and prevent property damage. Be sure to read and observe all safety precautions.

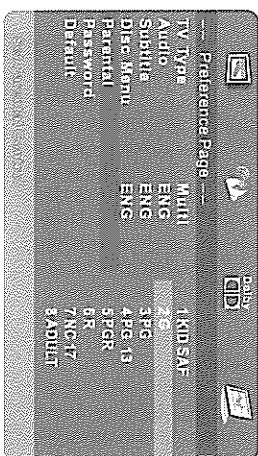

DVD Operation

Parental

When playing disc with parental lock function, you may select an Age Control Grade according to grade of disc and your own preference. For example, if PG is selected, DVD Video disc rated higher than the PG grade cannot be played.
